

## Recruiting Educators for California Assessments!

ETS invites California educators to participate in scoring California assessments:

- California Assessment of Student Performance and Progress (CAASPP)
- Smarter Balanced Assessments for English Language Arts/Literacy and Mathematics
- California Science Test (CAST), an online assessment based on the California Next Generation Science Standards (NGSS)
- English Language Proficiency Assessments for California (ELPAC), the current required state test for English-language proficiency given to students whose primary language is not English.

This is an excellent opportunity for California educators to become more familiar with the new generation of California assessments. Educators who meet the criteria listed below are eligible to be constructed-response scoring professionals (Raters).

- Bachelor's degree in any field
- California educators with a current California teaching credential or employment verification from a California school
- Charter school teachers who may or may not have a teaching credential
- Retired educators and other administrative staff with a teaching credential who are currently not classroom teachers
- Must be a resident of the State of California
- Bilingual/biliterate English/Spanish speakers are encouraged to apply
- Raters interested in scoring for CAST are encouraged to have teaching experience in Science (a plus, but not a requirement)

Raters will score exams from their home or office using ETS's Online Network for Evaluation (ONE) system, will work under the supervision of an assigned Scoring Leader and will be required to successfully pass a certification exam prior to scoring.

Raters must submit their availability and are scheduled based on program needs. Scoring schedules are flexible and can include 4-, 6- and 8-hour weekday and/or weekend shifts.

Everyone deserves the chance to reach his or her full potential. As an ETS Rater, you can make a difference in the lives of California students.

For more information and/or to apply, visit:

[www.ets.org/careers/caaspp\\_scoring](http://www.ets.org/careers/caaspp_scoring)

[www.ets.org/careers/elpac\\_scoring](http://www.ets.org/careers/elpac_scoring)

[www.ets.org/careers/cast\\_scoring](http://www.ets.org/careers/cast_scoring)

Educators interested in scoring CAASPP English Language Assessment grades 6–8 or Math grades 3–5 should apply with our scoring partner, Measurement Incorporated (MI).

The MI application site is scheduled to open on December 9, 2019. If interested in scoring for the CAASPP assessments scored through MI, please apply at [www.work4MI.com](http://www.work4MI.com) in December. MI Raters will score remotely using MI's virtual scoring center.

*ETS is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability, protected veteran status or other characteristic protected by law.*
