**Subject:** CAASPP and ELPAC: 2020-2021 Assessment Release Dates

## Dear LEA CAASPP Coordinator or LEA ELPAC Coordinator:

Components of the CAASPP and ELPAC assessment systems are released at different times throughout the test administration year. As you set up the local educational agency's (LEA's) test administration window and finalize planning for another successful administration, please keep the following dates in mind:

Date	Release Milestone
	ELPAC
	<ul> <li>The 2020–2021 Initial ELPAC testing window opens. However, from July 1 through August 19, 2020, LEAs that administer this test will use the 2019–2020 paper- pencil Initial ELPAC. Results are to be entered using the Preliminary Overall Score Sheets available in the Test Operations Management System (TOMS) until the Data Entry Interface (DEI) becomes available on August 20, 2020.</li> </ul>
July 1, 2020	The Local Scoring Tool (LST) will be retired on June 27, 2020. Between that date and the date when the DEI becomes available on August 20, LEAs will track scores based on student responses in a student Answer Book using the Initial ELPAC Preliminary Overall Score Sheets available in TOMS so students can continue to be appropriately assigned English language development services if they are determined to be English learners (ELs). Then, all scores from the paper-pencil tests will need to be entered into the DEI by the test examiner or other assigned staff member after August 20 to produce the official score. These scores are not official until they are entered into the DEI. A single source for the collection of student responses is necessary for reporting.
August 20, 2020	CAASPP

to 2020–2021.  Smarter Balanced Interim Assessments will be available.  ELPAC  The 2020–2021 computer-based Initial ELPAC will be available in the secure test delivery system (TDS). After August 20, only the Writing domain for kindergarten through grade two will be administered as a paper-pencil test, with local results entered into the DEI.  All responses and scores from the paper-pencil test will need to be hand-entered into the DEI to produce the official score. These scores are not official until they are entered into the DEI. A single source for the collection of student responses is necessary for reporting.  CAASPP  The California Alternate Assessment (CAA) for Science embedded performance tasks (PTs) will be available in the secure TDS. The Directions for Administration (DFAs) for the CAA for Science will be available in TOMS.  The CAA for Science practice tests will be updated.  ELPAC  Updated ELPAC practice and training tests will be available online.  The new online Alternate ELPAC training test will be released.  CAASPP  The online California Science Test (CAST) practice and training tests will be released.  CAASPP  The new online Alternate ELPAC practice test will be released.
