Subject: California Educator Reporting System (CERS) Test Results Timeline for CAASPP and ELPAC

Measuring the Power of Learning.™

Dear LEA CAASPP or ELPAC Coordinator:

The new California Educator Reporting System (CERS) now includes historical results from the Summative ELPAC. Over the next couple of years, CERS will become the single source of interim and summative assessment results for LEA staff to access student results from all CAASPP and ELPAC assessments, and the Online Reporting System (ORS) will eventually be retired. The Smarter Balanced Interim Assessment Reporting System and the summative assessment results historically found in the ORS make up the foundation of CERS.

The following CERS timeline table shows the schedule for making test results available in CERS.

Assessment Name	Results From Prior Years Available	Daily Feed of Results Available
Smarter Balanced Interim Assessments	Now Available	Now Available
Summative ELPAC	Now Available	May 2020
Smarter Balanced Summative Assessments for English language arts/literacy (ELA) and mathematics	January 2020	Spring 2021
California Alternate Assessments (CAAs) for ELA and mathematics	January 2020	Spring 2021
California Spanish Assessment	Summer 2020	Spring 2021
California Science Test	Summer 2020	Spring 2021
CAA for Science	not applicable	Spring 2021
Alternate ELPAC	not applicable	Spring 2022

Be sure to share this information with site administrators, test examiners, test administrators, and other users to introduce them to the updated reporting system. To access the reporting system, select the new CERS button on the CAASPP.org and ELPAC.org websites. The *CERS User Guide* will be available on the Manuals and Instructions web page on both websites in mid-December.

Questions about CERS, as well as the 2019–20 CAASPP and ELPAC administrations, should be directed to the California Technical Assistance Center by phone at 800-955-2954 or by email at caltac@ets.org.

Sincerely,

California Technical Assistance Center
