Subject: ELPAC-Systems Resume and MyTOMS is here!

Dear LEA ELPAC Coordinator:

English Language Proficiency Assessments for California (ELPAC) Test Operations Management System (TOMS) or ELPAC TOMS has resumed operation as the new interface MyTOMS!

Starting with the 2019–20 ELPAC administration, a few of the new and improved features of MyTOMS will include the following:

- Integrated page instructions that provide helpful information on how to complete the functions within MyTOMS.
- A new notification center with easy access to important announcements
- Additional flexibility of access to user roles for users with multiple roles
- A streamlined interface that uses graphics for improved navigation to functions

Refer to the [MyTOMS Screen Mockups](#) web document located on the new [Systems Enhancements](#) webpage for a preview of highlights of the new interface. Share this information with site administrators, test examiners, test administrators, and other users to introduce them to the new interface. Please reference the [New and Improved TOMS Interface](#) communication for the access links and schedule for ELPAC TOMS and CAASPP TOMS.

Questions about MyTOMS should be directed to the California Technical Assistance Center by phone at 800-955-2954 or by email at caltac@ets.org.

Sincerely,

California Technical Assistance Center
Educational Testing Service
